

Commonwealth Students Reception in Bath.

On March 6th Commonwealth students in Bath joined RCS members from the local Bath and District Branch for a reception at the Guildhall when they met with the mayor Ian Gilchrist to find out more about his role and the history of the city. During the evening they were also given a short talk on how the RCS Bath and District Branch could help them during their stay. Students from both universities and several local schools were able to socialise at this annual event which is supported by the mayor's office. The photograph taken in the council chamber shows the students with his worshipful the mayor Ian Gilchrist, the chair of the branch Godfrey Hall and members.
